

ngena stands for “Next Generation Enterprise Network Alliance”. We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

## (Junior) IT Architect (m/f)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Frankfurt am Main.

### Your new job

- Analysis and steering of implementation/ improvement of interfaces to our Business Support Systems BSS and Operations Support Systems
- Data model development / maintenance of resource data
- Preparation of business data and loading
- Managing demands for technology driven improvements (requirements management)
- Steering the implementation of IT interfaces, portals, reports to our management and international partners
- Chance to develop further to IT Architect role in portal, workflow, system management, commercial solution

### Your assets

- You have successfully completed your university studies in business informatics, computer science or similar
- You've been working with IT architecture development of web portals/ interfaces or data modelling for around 3 years
- You ideally come from a telco wholesale background
- Familiarity with ITIL, eTOM, TOGAF as well as with agile and DevOps based developments is a plus
- Start-up, entrepreneurial thinking, hands on attitude
- You want to work and flourish in a multicultural team environment
- Communicating fluently in English is no problem for you, and if you know some German or Polish – even better!

### Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front amongst a diverse team of more than 15 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.

If you are interested in this challenge, please send us your complete application including salary expectations and possible starting date via email to [myfuture@ngena.net](mailto:myfuture@ngena.net)
