

ngena stands for “Next Generation Enterprise Network Alliance”. We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

Data Warehouse / BI Specialist (m/f/d)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Frankfurt am Main.

Your new job

- You will be working closely together with the ERP / BI Architect to develop, enhance and maintain the ngena Enterprise Data Warehouse and its logical data model
- Support the maintenance of the underlying logical data and multidimensional data models
- Based on the DW data, you will create standard reports and charts and maintain regular publishing processes or support ad hoc queries
- Supporting our technology partners with ETL processes
- Assessing, analyzing and managing change implications

Your assets

- You have successfully completed your university degree in computer science or a similar subject
- You've been working as a DW / BI developer or consultant for a few years already
- You're an expert in relational and multidimensional data modelling and possess a profound understanding of DW principles (Kimball or Inman)
- MS SQL Server database management & MS SQL Studio belong to your key skills (certifications desirable)
- Good working knowledge and experience in SSAS and SSIS (certifications desirable)
- Familiarity with at least one Report Generator / BI Front End Tool
- Good know-how in a data modelling tool
- A background in requirements management and software development would be nice
- Communicating fluently in English is no problem for you, and if you know some German - even better!
- Nice to have: JSON knowledge, real time warehousing knowledge, knowledge of the telco industry, processes (eTOM) and data, ITIL/ITSM
- You want to work and flourish in a multicultural team and enjoy working in an agile environment
- Conceptual, analytical and logical thinking come natural to you
- If need be, you're ready to go the extra mile

Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front amongst a diverse team of more than 15 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.

If you are interested in this challenge, please send us your complete application including salary expectations and possible starting date via email to myfuture@ngena.net
