

ngena stands for “Next Generation Enterprise Network Alliance”. We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

Senior Product Manager Global Network Services (m/f/d)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Frankfurt am Main.

Your new job

- Conception & development of innovative products and services for global corporate customers in global network services and VPNs
- Responsibility for the steering of technical product development and deployment up to the integration into the global product catalogue
- Taking over the product- and lifecycle management tasks for the global portfolio of ngena
- Consolidation of customer requirements of alliance partners and integration into the development roadmap of ngena’s portfolio
- Developing strategy concepts and action plans on short, medium and long-term achievements concerning results, revenues- and turnover targets

Your assets

- You have successfully completed your university degree in a topic related field or a comparable relevant qualification with extensive professional work experience and an emphasis on global WAN & network services
- You have proven your knowledge in product management / business development
- Several years’ work experience in the product- and service environment for VPNs & global network services
- Profound knowledge / experience & know-how in SDN/NFV architecture, global WAN / SD-WAN services
- You are highly solution-oriented, skilled in conflict resolution and empathetic
- Strong communication and moderation skills describe your personality best
- Proactive and being able to work independently; flexibility to act convincingly in an agile company
- Communicating fluently in English is no problem for you, and if you know some German - even better!

Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front, amongst a diverse team of more than 15 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena’s leading SD-WAN technology.

If you are interested in this challenge, please send us your complete application including salary expectations and possible starting date via email to myfuture@ngena.net
