

ngena stands for “Next Generation Enterprise Network Alliance”. We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

Marketing Intern (m/f)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as working student in Frankfurt am Main.

Your tasks

- Participation in operative marketing and communication tasks such as online and offline marketing, social media activities, event communication, public relations, etc.
- Support in creating marketing material such as texts, social media posts and banners, etc.
- Ensuring consistent application of the corporate design guidelines across all media, especially in presentations
- Creation and distribution of marketing newsletters and mailings
- Support in day-to-day marketing tasks

Your assets

- You're currently enrolled in a German university with focus on marketing, PR, communications, journalism, digital media or in a related field
- Within your degree, you need to do a compulsory internship of 6 months
- A competent handling of MS-Office applications especially Microsoft PowerPoint
- Photoshop and / or Video editing software knowledge, and a passion for video and graphical material production (not compulsory but great to have)
- Communicating fluently in English and in German is no problem for you
- You are familiar with using social media channels such as Twitter, LinkedIn, YouTube and Xing
- You want to work and flourish in a multicultural team and enjoy working in an agile environment
- You have a passion for digital trends and new challenges to succeed in driving the company's success with inventiveness and creative drive

Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, you will have the opportunity to grow both on the professional and personal front amongst a diverse team of more than 15 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.

If you are interested in this challenge, please send us your complete application including salary expectations and possible starting date via email to myfuture@ngena.net
