

ngena stands for “Next Generation Enterprise Network Alliance”. We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

Test Automation Expert (m/f/d)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Frankfurt am Main.

Your new job

- Creating test cases based on user stories and acceptance criteria
- Automating test cases using Python / Selenium / Robot Framework
- Definition and execution of automated scenarios using Jenkins
- Analyzing test results
- Reporting and tracking incidents and bugs
- Maintenance and documentation
- Integrating results of test executions with test cases in test management tool

Your assets

- You have successfully completed your university degree and / or apprenticeship in business informatics, computer science or similar
- Several years of work experience in programming (ideally Python and / or Selenium)
- You're experienced in UI Testing (Web-based application)
- Some knowledge about Robot or any other keyword-driven framework would be great
- Familiarity about test management tools is a plus
- Nice-to-have: experience with Jenkins, Jira, GitLab / GitHub, Linux, Amazon Web Services
- Self-initiative and a hands-on attitude are part of your personality, and you're flexible as well as target-driven
- You want to work and flourish in a multicultural environment
- Communicating fluently in English is no problem for you

Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front amongst a diverse team of more than 15 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.

If you are interested in this challenge, please send us your complete application including salary expectations and possible starting date via email to myfuture@ngena.net
