

ngena stands for "Next Generation Enterprise Network Alliance". We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

## Telco B2B Billing Product Owner (m/f/d)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Frankfurt am Main!

### Your new job

- You'll be responsible for handling all billing requirements and, in a wider sense, the commercial handling of ngena's services and resources in our BSS platform
- Collecting and bridging the gap between business, functional and technical requirements
- Supporting the documentation of (user) stories and helping to define clear acceptance criteria than can be tested and signed off
- In cooperation with the finance team and the local business units, you'll ensure that our billing software enables us to bill our services and reverse-bill our purchases
- Actively creating the to-be solution design (high level and low level) and documenting the same
- Evaluation of (potential) SaaS providers, communication and alignment with existing suppliers
- Live and help improve our SAFe Process and agile methods

### Your assets

- Several years' working experience in the telecom domain, especially in the area of BSS
- You're experienced in BSS business analysis, solution architecture & design, as well as in BSS telco billing implementation (esp. B2B)
- You have hands-on experience in the design tools UML, Visio, EA or similar
- You're familiar with and have worked with Agile methodologies
- You're familiar with accounting principles (such as intercompany billing, subscription billing, taxation basics, etc.) and legal requirements & rules in Billing
- Nice-to-have:
  - Systems integration knowledge (SOAP, REST)
  - Telco COTS products (NetCracker RBM, Amdocs billing, etc.) solution design experience
- Ideally, you're a certified Product Owner
- Critical end-to-end thinking is one of your strengths
- Excellent presentation and interpersonal skills
- Working with our global team in a fast-paced environment and under strict timelines is no problem for you

### Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front amongst a diverse team of more than 30 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.
