

ngena stands for "Next Generation Enterprise Network Alliance". We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

## SCRUM Master (m/f/d)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Košice, Slovakia.

### Your new job

- Facilitate the agile/scrum team/s in using agile and lean practices and frameworks
- Facilitate all necessary team events
- Remove impediments and coach the agile/scrum team/s
- Resolve conflicts and issues that occur
- Facilitate preparation and readiness for ART events
- Support user story concept including different methods of their estimation
- Maintain agile/scrum team/s Kanban boards
- Help the agile/scrum team/s achieve higher levels of agile and lean maturity (building a high-performing team)
- Help the agile/scrum team/s to deliver value to ngena's customers
- Support the product owner and provide coaching where required

### Your assets

- Experience with Scaled Agile Framework SAFe (certification as a plus)
- Previous experiences with different agile/lean techniques
- Ability to analyze and resolve team conflicts
- Strong communication, interpersonal, and coaching skills
- Ability to adapt to a changing environment
- Experience with Jira
- Fluent in English
- Previous experience in Telco industry is a plus
- Network engineering knowledge, especially in SD-WAN is a strong advantage
- Past working experience in a start up company is a plus

### Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front amongst a diverse team of more than 30 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.
