

ngena stands for "Next Generation Enterprise Network Alliance". We provide a central cloud platform that merges the local networks of our international telecommunication alliance partners into a single global Software-Defined Wide Area Network (SD-WAN).

Specialist Business Intelligence (m/w/d)

Have you always dreamed of working for an international start-up company? Then take this next step into the future and join us as our new colleague for a full-time position in Kosice, Slovakia or Debrecen, Hungary!

Your new Job

- Responsibility for the implementation of reporting requirements in the reporting structure (Jedox)
- Development of new KPI reports and dashboards
- Further development of the existing reports, systems and IT solutions
- Contact person for all areas of the company for the conception and implementation of reports in Jedox
- Participation in IT projects and support in adapting existing BI systems, as well as in process implementation
- Preparation of the ngena Group's reporting as part of reporting to internal and external stakeholders
- Further development of controlling to meet the controlling and reporting requirements of a dynamically growing company

Your assets

- Successfully completed studies in business administration with a focus on data science, (business) computer science, statistics or mathematics or a comparable education
- Several years of professional experience in the BI environment, ideally in a high-growth, international technology company
- Very good SQL knowledge and a very good understanding of ETL processes
- Expertise in the use of finance-related applications such as BI / EPM tools like Tableau and Jedox
- Confident handling of common MS Office applications (especially MS Excel and MS PowerPoint)
- Strong analytical way of thinking and a strong understanding of numbers, solution-oriented way of thinking with strong skills for assessing and deriving options for action
- Proactive and independent style of working, flexibility to act convincingly in a company with agile structures and processes
- Very good written and spoken English

Your chance

An exciting, dynamic, international start-up environment awaits you with an open corporate culture of flat hierarchies. At ngena, responsibility will be in your hands from the very beginning. You will continuously grow both on the professional and personal front amongst a diverse team of more than 30 nationalities, varied age groups and a wide range of skill-sets. This fusion will prepare you for paving the world with ngena's leading SD-WAN technology.
